ABOUT ME

I'm a 23 year old, Front-end developer from India, currently based in Mumbai. I love everything that has to do with web design & development, product design and I feel a true devotion for UI development.

I have 2.5 years of experience, working for various startups. I love working with people, specially if they have the same passion I have for what they do.

Why don't we work together? Go futher down to see why I am the man you need to hire!
